GETTING STARTED

Our aim is to provide you with the best possible customer experience and make your home a great place to live.

We have the knowledge, experience and team to provide every solution required in the modern Smart Home starting from **lighting automation** and **security system** to complex **energy management** solutions.

As part of your experience with us, we will explore new —Smart Technologies and help you integrate them into your home.

This booklet is designed to be used in conjunction with our recommendation and knowledge so you are best informed and we clearly understand your requirements moving forward.

Thank you for considering us for your upcoming Technology upgrade or installation.

Please complete the questionnaire included and call us to arrange a one to one consultation at a time and place to suit you.

We look forward to hearing from you soon.

HOME ENTERTAINMENT

HOME THEATRE

Please [✓] the services that may be of interest to you.

List of Services	Yes / No	Note
Home Cinema - Projector, TV, Surround Audio		
Acoustic Treatments		
Specialist Lighting Solutions - Starlights, LED Strip		
Audio – Amplifiers, Speakers, Vinyl, Headphones etc		
Specialist Furniture - Custom designed		

Before we design your home theatre please complete the following section.

Width = _____

Length = _____

Height = _____

Remember to include a copy of your design or you could sketch a quick diagram.

EXISTING EQUIPMENT

Please let us know what existing equipment you already have.

Equipment	Name of the brand	Model Number
Portable Speakers		
TVs		
Projector		
Amplifiers		
Other Equipment		

AUDIO & VIDEO ZONES

Please select the rooms you would like an Audio Video solution for. These may include where you plan to place some speakers for audio on a patio, or internet radio in your kitchen area.

Rooms	Yes/ No	Note
Lounge/Dining		
Patio Bedrooms		
En-Suite		
Kitchen		
Rumpus /Kids Room		
Office		
Pool Area		
Shed/Garage		
Portable Zone		

ACOUSTIC TREATMENTS

We have access to many of the world's leading acoustic treatments and would be happy to discuss options not only for your home theatre but also for bedrooms and living areas.

These products are available in a range of different colours and fabrics. Please indicate:

List of Services	Yes/No	Note
I/we have rooms we would consider soundproofing		
I/we would like to discuss my/our options.		

AUTOMATION

Please [✓] the type of automation that may be of interest to you.

Types of Automation	Description	Interested
Simple	Use retrofit smart switches and Google Home/Alexa to turn your lamps ON/OFF using a mobile app or voice commands.	
Intermediate	Connect your devices to the automation network to use Wi-Fi, to do things like dim lights, turn on speakers or schedule a heating cycle	
Advanced	Ability to monitor devices from a smartphone. Trigger multiple devices with a single command like "Alexa, Good Night."	

LIGHTING

LIGHTING SUPPLY & INSTALL

Please consider the following and make notes if needed. We can provide all the following services.

List of Services	Yes/No	Note
Inside Lighting		
Outside Lighting		
Pool Lighting		
LED Lighting		
Custom Lighting		
General Lighting (Downlights)		

HOME SECURITY

SECURITY & CCTV & INTERCOM

Security systems can be integrated into a whole home solution. Security systems range from back-to-base monitoring to simple SMS notifications.

List of Services	Yes/No	Note
Surveillance System (CCTV)		
Security System		
Back to Base Alarm System		
Electric Gates & Doors		
Home Intercom		

SOLAR AND BATTERIES

GOING OFF THE GRID

Solar power and battery storage are becoming increasingly popular but they do require extra consideration.

List of Services	Yes/No	Note
Roof-top Solar Panel		
Batteries Solutions		
Solar Car Ports		
Energy Management System		
Switchboard upgrades		

HOME INTERNET

WWW & CONNECTIVITY

Being able to connect to the World Wide Web and have every device sharing the internet is now the cornerstone of the modern home.

Please help us understand your planned connectivity:

List of Services	Yes/No	Note
Broadband through a fixed connection, e.g. Telstra NBN		
4G/5G Wi-Fi only but with limited data download capability and speeds		
Structured Network Cabling Solution		

BLINDS AND SHUTTERS

Please [✓] the services that may be of interest to you.

List of Services	Yes/No	Note
Installation of any blinds or shutter		
Electronically controlled Windows/Dressing/Curtains		

HOME DETAILS

BUILDING BLOCKS

Please tick the following accordingly and bring it with you to your appointment with ME Technology

List of options	Yes/No	Note
Building a new home		
Partially completed home		
Upgrading an existing home		

If you are building a new home please provide us with the following details:

Builder	
Plot No	
Site Address	
SQ Metre	
Sales Rep	

PLANS AND DESIGN PROCESS

Most smart home devices and equipment come in different shapes, sizes and colours. We can help set up the system based on your design choice.

We would like to understand if you have any specific aesthetic preferences.

List of options	Yes/No	Note
I/we have an interior designer working on my project.		
I/we would like to discuss my options.		

INSTALLATION AND COSTING

PROJECT MANAGEMENT

When integrating technology into your new home you will need a project manager. A professional design and installation process leads to great customer experience and reduces unwanted stresses when building your home.

We understand that this process may be daunting or unfamiliar to you. I can utilise my project management experience to ensure that I can meet and exceed your AV and home technology requirements without adding unnecessary stress and cost to the build.

TIME FRAMES

Please give us an indication when you would like your project to be completed.

List of Options	Please [✓] the options
ASAP	
Within 1 week	
Within 15 days	
Within 1 month	
Within 12 weeks	
Within 6 months (generally new build)	

Estimated Completion date:

BUDGET

Part of the Experience is that during the design & consultation stage we will build in the capacity for future upgrades. When working to a clear budget we will be able to deliver the best possible solution as well as plan ahead for your future needs. Select the option that best reflects your plan.

List of Options	Please [✓] the options ✓
\$1,000 to \$10,000	
\$10,001 to \$25,000	
\$25,001 to \$50,000	
\$50,001 to \$75,000	
\$75,001+	
Unsure	

*****In my experience we have found that 99% of clients have a budget that does not detract from the quality of our overall solution we can provide. More commonly it is just the scale of the solution that sometimes needs adjusting*****
